Description/Terms and Conditions

Do you have devices that charge from USB? Do you rely on the little power adapters that come with them? If you do then this might be a good solution for you. We are pleased to announce that we are giving a double wall power socket with two USB sockets built in with every Electrical Inspection Report booked between now and the end of September 2014. Not only that we will fit it for you as a USB Plug Socket replacement to an existing compliant 2 gang socket.

This voucher has no cash alternative and is not transferable. It cannot be used in conjunction with any other offer or promotion. Photocopies will not be accepted. Rights are reserved to refuse custom and withdraw this offer at any time.
