We aim to make installation of your new bathroom as hassle free as possible. Here's a step by step guide to what you can expect when you choose Bain Plumbing Services Ltd.

Once you accept our quotation we will book in a convenient date to start your project. We will give you a plan of works detailing when each trade will be at your home and an estimated completion date. We will install your bathroom with minimum disruption to your home, taking care to cover or lift carpets and other surfaces with dust sheets and tidying up at the end of each day. If you only have 1 toilet in your home we will always ensure this is fitted back at the end of each day.
