

Client Money Protection (CMP)

HOW TO PROTECT YOUR MONEY

propertymark

THREE THINGS YOU NEED TO KNOW ABOUT CLIENT MONEY PROTECTION (CMP)

1 CMP PROTECTS LANDLORDS' AND TENANTS' MONEY

Should a Propertymark Protected agent go bust or misuse your rent, deposit or other funds, Propertymark will reimburse you.*

2 ALWAYS DOUBLE CHECK YOUR AGENT HAS CMP

Check that your agent is covered at propertymark.co.uk.

3 YOU DO NOT HAVE TO PROVE FRAUD

You only need to provide supporting evidence that you have not received the money you were legally entitled to. You will need to provide the tenancy agreement or deposit protection certificate along with bank statements.

Note to tenants

CMP does not cover disputes over the return of deposits.

PEACE OF MIND

Every year, unprotected landlords and tenants lose money when funds are misappropriated. The best way to ensure money is kept safe if something goes wrong is to always choose an agent who is a member of ARLA Propertymark. ARLA Propertymark is raising standards in the property industry, giving you the peace of mind that comes with Propertymark Protection.

* Subject to CMP scheme limits.

"Client Money Protection is fundamental for tenants and landlords, ensuring that their money is protected even if the worst happens: the agent goes bust or runs off."

David Cox

ARLA Propertymark Chief Executive

DOES YOUR LETTING AGENT HAVE CMP?

TRUE CRIME

Rogue letting agent Manish Manek was found guilty of 17 counts of theft involving tenants' deposits and rent owed to landlords.

He stole £47,000 before fleeing the UK in October 2012. A police investigation found that Manek had been putting tenant deposits and rent into his personal account.

He was finally arrested and sentenced to jail leaving landlords and tenants out of pocket. His victims never saw their money returned.

It is estimated that letting agents currently hold approximately £2.7 billion in client funds and yet, if a letting agent is not covered by CMP, both landlords and tenants could stand to lose their money.

YOU WOULDN'T BOOK A HOLIDAY WHICH WAS NOT PROTECTED: DON'T TRUST YOUR PROPERTY TO AN AGENT WHO DOES NOT OFFER CMP.
