EZBorder

Made from recycled car tyres, EZ Border is an eco-friendly and lightweight alternative to concrete. The rubber material ensures a long lifespan, is highly durable and hard wearing, and provides a safe solution for children. Easy to install and supplied with the installation necessary to complete your job.

By using recycled rubber, these products are already saving millions of tyres from filling landfills and rubbish tips. A safe solution for gardens with children.

No Cracking - Frost and freeze resistant, will not rot or mould.
Length 1.2 m
