

- **A DISCOUNT CARD FOR PEOPLE THAT VOLUNTEER**
- **FREE MARKETING AND WEB PAGE-ABSOLUTELY NO CHARGES, CATCHES, CONTRACTS OR FEES**

ValueYou is a simple idea for helping local businesses to support volunteering in their communities.

- ValueYou gives a discount card to volunteers.
- We then ask local businesses to give these volunteers a discount.
- It also gives free publicity to local businesses and encourages local customers to shop with them.
- Hundreds of businesses of all types have already joined.

It is a great way to give back to your local communities in this way, and at the same time you get the benefit of some free promotion.

A win win situation for volunteers, businesses and local communities.

How do volunteers know we are taking part?

You get your own free page on our website and we add you to the maps and lists we give to volunteers. We will also give you an optional window sticker and a small display card.

Do we need to sign a contract? Are there any charges?

There is no contract and you can stop taking part at any time. We use a good will agreement to make sure you, the volunteers and ValueYou are clear about how the scheme works. But there are no charges or fees of any kind. ValueYou is a charity and don't make any money from you joining the scheme. We are supported by charitable grants.

What discount do we need to offer?

To join the scheme you need to offer a 10% discount. This should be on all purchases but doesn't need to include any existing offers or discounts. There are some very limited exclusions you can make from the discount but we'll need to discuss this with you.

Are there other ways we can help?

Some business owners are very keen to support volunteering and hundreds of businesses that join the scheme also donate gift vouchers to volunteers as their way of saying a special thank you. They usually donate one gift a month and each volunteer gets to choose which one they would like when they join. Gifts depend on the type of business. Cafes might offer tea and cake for a volunteer for example.
