Dear Colleagues,

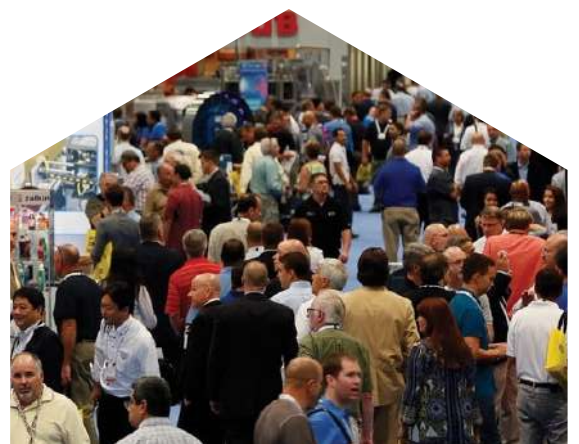

Following the success of iWomen Health 2019, we welcome you to the **2nd International Women Health and Breast Cancer Conference** in London during June 10-11, 2021.

i-Women Health 2021 provides an international forum for academicians, practitioners, health and business professionals to share latest advancement and research across the broad field of women's health. i-Women Health's focus includes the dissemination of translational research and evidence-based practices for disease prevention, diagnosis, and treatment for women across the lifespan.

At i-Women Health 2021, we invite the submission of abstracts covering a broad range of crosscutting topics, including the breast cancer, pregnancy, infertility, Maternal-Child Health, Menstruation and Menopause, Reproductive Health, PCOS, Osteoporosis and more. The conference is the ideal venue to learn about the latest trends shaping women health industry, to gain new skills and insights from successful experts.

Join us and witness the booming industry by participating at iWomen Health 2021 and give your career and business access to new opportunities from throughout the world.

We look forward to seeing you in London

About London

Standing on the River Thames, London has been a major settlement for two millennia, its history going back to its founding by the Romans, who named it Londinium. London is a leading global city, with strengths in the arts, commerce, education, entertainment, fashion, finance, healthcare, media, professional services, research and development, tourism and transport all contributing to its prominence.

London contains four World Heritage Sites: the Tower of London; Kew Gardens; the site comprising the Palace of Westminster, Westminster Abbey, and St Margaret's Church; and the historic settlement of Greenwich. Other famous landmarks include Buckingham Palace, the London Eye, Piccadilly Circus, St Paul's Cathedral, Tower Bridge, Trafalgar Square, and The Shard. London is home to numerous museums, galleries, libraries, sporting events and other cultural institutions, including the British Museum, National Gallery, Tate Modern, British Library and 40 West End theatres.

Testimonials

Thank you for organising the conference, it was done very well indeed.

Pek Joo Teoh
Obstetrician & gynaecologist
Australia
(iWomen Health 2019)

I would like to thank you and the organising committee for inviting me to deliver a talk. It recieved good attention and applause. Was an excellent experience for me. The meeting was well organised and venue was good.

Salma Naseem
Yeovil District Hospital
United Kingdom
(iWomen Health 2019)

The conference last week was terrific and very informative. Thanks again for all the hard work that went into it.

Steven J. Durham
Labaton Sucharow
Italy
(iPharma USA, 2019)

iPharma 2018 offered everything we needed, from Drug Discovery and Development to Pharma Marketing, PharmaManufacturing, Industrial Pharmacy. It gives all participants a productive conference experience. We'll come back year after year

Ye Xu
Jilin Medical University
China
(iPharma 2018)

Thank you for your message. I enjoyed the conference and was glad about the positive feedback that I received after my talk

Thomas Heinbockel
Howard University College
USA
(iPharma USA, 2019)

Thank you for sending the photographs. Also a special mention in thanking you for all the efforts and arrangements made by you for this conference.

Roopa Verghese
