

## Fire Safety Level 2 Qualification 1-Day Course

### Course Information:

#### Unit 1: Fire Safety Principles

The importance of fire safety in the workplace is underpinned by health and safety legislation that places a duty on employers to establish policies and procedures and ensure their employees receive appropriate training.

This course is designed for employees who want to develop their basic fire safety awareness in order to assist their employer by undertaking more specific fire safety roles in the workplace to manage fire risk (e.g. as fire wardens/marshals/stewards etc.)

Successful candidates will be awarded a national level 2 qualification.

### Duration:

A minimum of 6 contact hours in the classroom.

### Certification:

The qualification does not have an expiry date but refresher training and keeping up to date with changes to policies, procedures and new legislation through ongoing CPD is vital.

Course content provided via Nuco Training as an Approved Instructor.

### Content covered on the course include:

- The hazards and risks associated with fire in the workplace
- How fire risks are controlled in the workplace
- The role of the nominated fire warden
- The principles and practice of fire safety management at work
