Introduction To Menus

“As Head Chef at Warley Park my aim is to convey my own love of food and drink to you by providing an extensive and sumptuous menu fit for any occasion. In addition to this you will also find a hand-picked list of mouth-watering Canapés and buffet options.”

By combining timeless classics with more modern ‘on-trend’ dishes I have, along with my team, used our 30+ years of kitchen experience to arrive at our menu selections. The final result is that we have options which will satisfy both food traditionalists and more adventurous diners within the same function.

Whilst I hope you are able to find a menu to your liking, should you wish to tailor a selection more suited to your tastes we will be only too happy to accommodate this. Our over-riding aim is to ensure that your special day is perfect in every way.

In addition to formal dining we are able to provide infinite variations of both hot and cold buffets which my team will ensure are presented in the most fabulous way possible. We guarantee to impress all in attendance with a visual and culinary treat.

As with most things in life the proof is in the pudding so please feel free to request a free tasting session for the bride and groom or photographs from our most recent celebrations so you are able to visualise the possibilities we are able to provide. From luxury bespoke Buffets to BBQ patio receptions we really can do anything you can imagine – just ask!

Best of wishes.
