

Bain Plumbing Services Ltd

proud to be one of Boltons Best Businesses

thebestofbolton

Why choose Bain to fit your new boiler?

We are here to stay – Established in 2006... We have installed literally thousands of boilers over the years, with an equal number of very satisfied customers and we're confident you will be too.

We're always here for you – Our office is open so you can visit us Monday to Friday 8.30 to 4.30 and at all other times we have someone ready to take your call, so we're there whenever you need us.

After care – We value you as a customer and want you to know we care, so we offer a no fuss aftercare service, annual servicing and boiler care plans from £6 per month, so you'll never be left out in the cold!

Location – We are proud to be a Bolton based company, employing Bolton people, so we're never far away when you need us.

Qualifications – All our engineers are adequately qualified in plumbing & mechanical engineering and ACS gas qualified, which means they will know exactly how to help you best.

Certified – Gas Safe Registered, member of Constructionline, Acclaim Accredited, Worksafe Contractor, which gives you the confidence to trust us with your job.

Insured – £10 million public liability insurance, so you can be confident we are fully covered for all risks while working on your property.

Fixed price quotations – There are no hidden costs, so no unwanted surprises when we present the bill.

Approved by the best – Vaillant Approved Installer, Viessmann Accredited Installer, Baxi Works Member, which means we are fully conversant with a wide range of domestic and commercial equipment.

Recommended – On the Best of Bolton by previously satisfied customers, read our reviews on the The Best of Bolton website, so you can be sure what people think of our work.

What to Expect from us.

We aim to make installation of your new boiler as hassle free as possible. Here's a step by step guide to what you can expect when you choose Bain Plumbing Services Ltd.

We'll arrange for one of our Gas Safe registered engineers to install your new boiler with minimum disruption to your home, taking care to cover or lift carpets and other surfaces with dust sheets, and tidying up afterwards. The length of time it will take to install your new boiler will depend on the specific requirements of the job and your property. We can offer you an estimated installation time on booking.

Most of the boilers we supply come with a manufacturer's warranty up to 10 years and this will be specified in your quotation but in any case we offer a free two-year parts and labour guarantee.

Shortly after your new boiler has been installed, we'll call you to make sure everything is running smoothly but in the unlikely event some kind of problem arises, we are your first port of call and we will liaise with the boiler manufacturer for you.

For further information call us on 01204 396669 and we will be happy to help.

Unit 6C Boundary Industrial Estate, Millfield Road, Bolton, BL2 6QY.
