'Excellent Service, professional team. Area left clean and tidy after any work done. We would and have done been very happy to recommend Clover to anyone (wouldn't do that unless entirely satisfied) such was our confidence in the Clover team that we went away on holiday and came back to a completed and wonderful conservatory. We have since had a replacement windows from them and really can't recommend them highly enough. When we discovered a fault in the glass (no fault of Clover) they quickly and efficiently rectified the problem with no quibble or fuss, which to us shows the quality of the firm.'

'Clover have replaced all our windows for us, repaired our car port and veranda roofs and built on a garden room with a solid roof, energy saving glass, floor tiling, heating and lighting. All this work has been done efficiently and promptly and we recommend the firm to anyone who admires our garden room – they definitely get our business award!'

The staff are all very friendly and no job is too small. The gentleman who came to my home to carry out the work was kind, professional and most helpful.'

'We have used Clover on occasions – once to build a conservatory and then to install a wood burning stove. We have been very impressed with the service Clover has provided. Simon has talked through the options with us – and when we chose what we wanted the work was done to a high standard and on time. It is a firm that gives us confidence that the work will be right first time. We also buy logs for our stove through Clover. In all a pleasure to do business with.'

'We have used Clover for several jobs; New woodburner and completely new fireplace with shelf, replacement patio doors. Simon and his team were fantastic, always arriving on time, keeping us abreast of how things were progressing and always clearing up and leaving everything clean and tidy. All the team were very pleasant and we were happy to leave them in the house if we needed to pop out. If problems did arise they were dealt with promptly and professionally which was a real bonus. It has always been a pleasure to deal with Jo and Helen who manage the office – they are so helpful and professional. We cannot recommend this family friendly company strongly enough.'

'Our largest conservatory was built last year by Clover Ltd of Ledbury. The work was undertaken on schedule and we are very pleased with our 'new room'. The company has called to fix and repair any slight problems promptly and the staff are very helpful and friendly. The extra space has made more room for entertaining and it is also used as a sewing room. We certainly recommend Clover as an efficient, helpful and friendly company.'
