3rd August 2015

Dear Adam

Further to your visit last week I write to thank you for your excellent presentation on pension automatic enrolment.

Since your visit we feel confident that we are up to date with all the administration needed to comply with the new legislation. The Compliance Plan that you left is an excellent reference manual helping us to move forward as our staging date approaches.

Lastly a big thanks for your hard work putting together the director's life insurance and Healthshield Plans both of which we feel will greatly benefit our employees and company.

Yours sincerely

Paul Ryder
Director
