

Press Release

Young Enterprise Kicks off Trade Stands at Eastbourne Borough FC

Eastbourne Borough Football Club to Host Young Enterprise Companies at Home Matches

As part of their community support initiative, Eastbourne Borough Football Club have kindly allowed teams participating in the Young Enterprise Company programme to have a stand selling their products or services at home matches played at their stadium in Priory Lane.

The Young Enterprise teams from local schools and colleges, across East Sussex, actually establish and run a proper company selling their products or services for income and profit. The scheme gives the young people taking part real experience of the commercial world and prepares them for work, whilst also significantly enhancing their interpersonal and communication skills plus their self-confidence.

Eastbourne Borough Football Club run a very active community programme. This includes using the sports facility for a fitness club, thai chi for the retired, walking football and the EBFC Academy for younger players.

The Young Enterprise teams can choose which match they wish to sell their wares at and will have a stand in the bar area prior to the match where spectators and others can purchase from them. If you are going to a game, please ensure you give them your support.

Further details about Eastbourne Borough Football Club, including dates for their home games for the rest of the season can be found at their website www.ebfc.co.uk. Further details about Young Enterprise activities in the Eastbourne & Wealden area including how to support this important charitable work by being a sponsor, business adviser or similar, can be found at www.yeew.org.uk.
