

## From Zero to Millionaire Seminar

Did you know, that no matter what investment opportunity you look at and there are tens of thousands of them, they will all fit into one of four main investment categories? Those categories are Property, Paper, Business or Cash.

From Zero to Millionaire seminar will show you how you can invest in each category with zero money or just a very small sum. A small sum meaning you could start with as little as £1 or as high as £100.

Karen Newton founded the £2.73 Club which teaches members how to start with nothing. The Club is aimed at teaching members how they can start small and with perseverance, persistence and repeated action achieve enormous wealth.

Karen, herself borrowed £300 on a credit card and turned it into £10 million in 4 years. She will share her story about how and why she got started. "My only regret is I didn't learn this until I was 40 years old" she says. "Imagine what could be achieved if this information was taught in schools."
