YOUTH FORUM

Young Researchers can also participate in this elite conference

ELIGIBILITY

Young Investigators (e.g. Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty) are the focus of this event.

Participants should be below the age of 33 years.
Opportunity for young researchers to learn about the research areas of their peers to increase their capacity as multidisciplinary researchers

BENEFITS

The forum will provide an opportunity for collegial interaction with other speakers and established celebrative across the globe.

Young Researcher Award will be given to the best presentation by the organizing committee member

SPEAKER'S PPT

You may submit your presentation to any of our onsite organizers on the day of your talk. If your presentation is not compatible with our laptops, then you may also use your own laptop

VENUE

DIABETES CONFERENCE 2018

Toronto is the most populous city in Canada and the provincial capital of Ontario, located in Southern Ontario on the northwestern shore of Lake Ontario in the heart of the Greater Toronto Area. Toronto is considered as an alpha world city by the Globalization and World Cities Research Network and is placed among the Global Leaders in the Global Financial Centers Index. The city is also consistently rated as one of the world's most livable cities by the Economist Intelligence Unit and the Mercer Quality of Living Survey.

Toronto is Canada's largest city, the fourth largest in North America, and home to a diverse population of about 2.8 million people. It's a global center for business, finance, arts and culture and is consistently ranked one of the world's most livable cities.

Toronto is Canada's financial and business capital. Rated as one of the top four global cities with economic clout, and topped the North American Cities of the Future, FDI, behind only New York, Toronto is a dynamic, diverse, rising city that provides the ideal business environment for companies looking for a competitive edge.
