EZBorder

Made from recycled car tyres, EZ Border is an eco-friendly and lightweight alternative to concrete. The rubber material ensures a long lifespan, is highly durable and hard wearing, and provides a safe solution for gardens with children. By using recycled rubber, these products are already saving millions of tyres from landfill and rubbish tips. Easy to install and supplied with the installation necessary to complete your job. No Cracking - Frost and freeze resistant, will not rot or mould. Length 1.2 m

NEW! EcoStone Range

Made from recycled TV glass, this sustainable product is perfect for paths, patios, beds and borders. Glasglo is an ideal alternative to decorative aggregates with its unique properties making it ideal for use with lights and water. It is also great for urban design and garden focal points.

Available in cobbles, pebbles and chippings. **From £3.99**

Made from recycled tyres destined for landfill, these rubber chippings, provide an extremely safe and functional safety surfacing **From £7.99**

The crushed shells come from a wheel processing factory. Great for plant pots and terrarium dressing, beds and borders as well as a natural pest control/deterrent. **From £4.99**
