

Langan's Tea Rooms is a social enterprise which offers a delicious menu with weekly specials and a reputation for excellent value and amazing cakes! From all-day breakfasts to afternoon teas there is something for everyone at Langan's whether it's a welcome break from a shopping trip or celebrating a special occasion. Private dining rooms are available at both Tea Rooms and we are popular with people celebrating birthdays, anniversaries, holding baby showers and wakes where we can cater to your tastes.

Langan's External Catering Service can bring the afternoon tea to you and can even include the staff and all cutlery and materials needed to throw the perfect party at home. Or why not let us cook for you for dinner parties or Sunday dinners at a very affordable rate? Give us a call to discuss your needs.

The icing on the cake is knowing that you are supporting a local charity whilst enjoying delicious, homemade meals! Langan's Tea Rooms in Cannock and Burton upon Trent provides voluntary and paid work placements enabling people in abstinent recovery from drug and alcohol addiction to gain valuable work experience, training and qualifications whilst interacting with the public and building C.V. material and self-confidence. Langan's works closely with BAC O'Connor which has been providing services to people with drug and alcohol addictions since 1998. People who graduate from the programme are offered volunteering experience at Langan's and the opportunity to apply for employment after six months of volunteering, training and development.

Langan's has a training kitchen with a trained chef who teaches people how to cook delicious, healthy meals. All of the Langan's cakes are made on-site and our chef also teaches people how to make cakes. The revenue from Langan's Tea rooms is ploughed back into the Charity to make this work possible.
