			some of the early Christian pioneers who			
			founded churches in Kent. Today's route is			
			the first of three parts and takes us from			
			Canterbury, where we will pass by the oldest			
			extant Christian Church in England - founded			
			by Saxon Queen Bertha - before continuing to			
			Barham following parts of the North Downs			
			Way and Elham Valley Way. This is a linear

Walks difficulty

Please read this carefully.

Ramblers has identified six categories of walks difficulty. See $\frac{https://www.ramblers.org.uk/go-walking-hub/how-know-if-ramblers-walk-right-you}{hub/how-know-if-ramblers-walk-right-you}$

The two categories used in this programme are:

Leisurely

If you have at least a little bit of experience of walking in the countryside and you have a reasonable level of fitness, these walks will be suitable for you. The walks may include unsurfaced rural paths and we recommend you wear walking boots and bring warm, waterproof clothing as appropriate for the season.

Moderate

These walks may include some steep paths and open country walking. They will be at a brisk pace so you will need a good level of fitness and experience of walking in the countryside. Walking boots and warm, waterproof clothing are essential.

Local transport

Please use https://kentconnected.org/journey-planner to plan your journey using public transport.
