

Price List & Services Small / Medium Vehicle

Interior

All interior carpets hoovered, contact clean of all seats, trims and consoles. The interior of the windows are cleaned to a streak-free shine. Footwell carpets are hoovered, and steam cleaned, rubber mats are cleaned and coated with a dirt repelling protectant.

***Standard Price - £100**

- Pet hair, sand & stain removal surcharges may apply, condition depending. Any surcharges will be quoted before the work is carried out.

Exterior

Wheel arches, tyres & rims are deep cleaned with a multi-stage process, eliminating brake dust and any other contaminants, they are then coated with a 3 month sealant.

All exterior surfaces are cleaned using a 'pre-wash' method ensuring all free standing dirt on the vehicle is cleansed before contact washing all panels, trims, grilles, windows and wipers. The car is then coated in a 3 month sealant, promoting water and dirt repellency.

***Standard Price - £100**

- Some vehicles may benefit from further services i.e decontamination, clay bar, polishing etc. Please see 'Enhancements & Corrections' for more info.

Combo

A combination package is a great way to ensure a full reset of your vehicle, at a discounted rate.

Price - £185

Sealants & Ceramic Coats

Sealants

A sealant is a protective layer applied to a vehicle once it has been cleaned, enhanced or corrected. This ensures increased protection against the elements and makes future vehicle maintenance much easier.

It is recommended that a vehicle receives a decontamination before any of the below sealants are applied, as fully clear paintwork allows the sealant to correctly bond, and ensures the products lifespan

6 Month Ceramic Sealant - This sealant is applied to a dry vehicle, and promotes gloss and diminishes the appearance of minor defects.

Price - £100

12 Month Ceramic Coat - This coating can be applied outdoors (in the correct conditions), and is one of the most effective ways of protecting paintwork. With a lifespan of 12 months' a ceramic coat can only be applied to a fully decontaminated vehicle, it is also highly recommended that the vehicle is treated to a gloss enhancement as a minimum ensuring the vehicle will look its best and for the correct bonding of the coat to the paintwork.

Prices start at - £200

- Please note, prices of sealants/coats are additional to the exterior valet service price. As quotes are on a case by case basis for corrections/ceramic coats, the prices listed are an initial guide.

Paint Enhancements & Corrections

Gloss Enhancement

A gloss enhancement includes a full decontamination of the vehicles' paintwork, ensuring the surface is clear of all imbedded dirt. The vehicle is then machine polished with a gloss enhancement polish that includes a carnuba wax, increasing depth of colour, promoting water and dirt repellency and leaving the paintwork with an ultra-smooth 'glass like' feel.

Prices start from £300

Paint Correction

A paint correction includes the same initial process as an enhancement, and is the first step in restoring a vehicles paintwork, by reducing the appearance of swirls, scratches & oxidation. There are multiple stage corrections available, and include:

Stage 1 - A single stage correction aims to remove 60-70% of imperfections, promoting depth of colour and a high gloss finish.

Prices start from £500 - Includes 6 month Ceramic Sealant

Stage 2 - A multi-stage correction aims to remove 70-90% of imperfections by refining the first stage. The second stage promotes a much clearer finish, with impeccable gloss and true colour depth.

Prices start from £700 - Includes 6 month Ceramic Sealant

- Vehicle paint varies across manufacturers and as such, it is important to review a vehicle before a correction is quoted or booked.

Additional Services

Restorations

Headlight Restoration - Headlights can become dull and oxidised over time, diminishing the look of the vehicle and making night time visibility difficult. The restoration process involves a multi-step sanding process and polishing the headlight housing to restore clarity and appearance. The headlights are coated with a 12 month sealant to ensure future longevity.

***Starting Price - £100**

- Prices vary depending on vehicle manufacturer and/or condition of the headlights

Interior/Exterior Trim Restoration - The restoration of interior & exterior plastics uses a product that restores colour and adds a protective layer, defending against, water, dirt and UV.

Starting Price - £40

Detailing

Engine Bay Detail - All visible surfaces cleaned and treated with an engine bay specific product, protecting all plastics, rubber and electrical components. The product promotes a satin sheen and is effective up to 250 degrees.

Price - £60

12 Month Windscreen Protection - A glass specific coating, designed to repel water, dirt and other contaminants. Due to its slickness, it reduces the frequency of wiper use and stays cleaner for much longer between washes.

Windscreen - £40 . Rear Window - £40 . Combo - £70

Terms & Conditions

Prices

Prices / quotes can be subject to change. Factors that could affect a quote are; the size of the vehicle, excessive animal fur, any rubbish beyond that of a typical domestic vehicle, or any heavily soiled / stained fabrics. Photographs can be provided in advance, helping to ensure quotes are as accurate as possible, at the time of booking.

Bookings & Deposits

Any booking amendments, should be made at least 48hrs in advance of any scheduled service. Please note, where a deposit has been made, cancellations of a planned service will render the deposit non-refundable.

Environment

In the event that weather conditions could impact service results, any bookings will be reviewed, & amended / rescheduled accordingly. We endeavour to ensure services provided are to the highest standard, and will only amend a booking if this standard could be impacted.

In The Details reserves the right to make reasonable adjustments to any services, and/or terms as needed.

We are committed to notifying customers of any changes that may affect existing bookings or agreements, ensuring you are kept informed every step of the way.

By using our services, you acknowledge that you have read and understood these terms and conditions.
