

ROCKET WHIP PRODUCTIONS

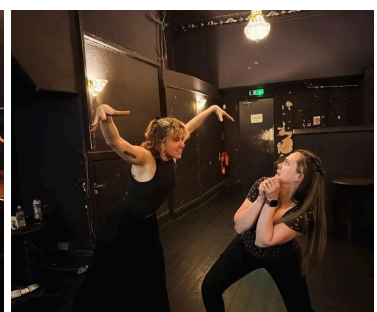

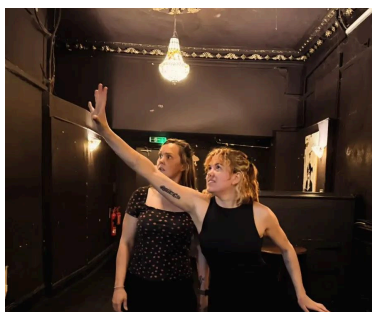

Luna, Luna

A new musical fairy tale about loss.

Rocket Whip are proud to present **Luna, Luna**: a new musical about hope and loss. From the creators of the **award-winning Nuns of Fury** comes a new adventure equal in measure of laughter and lament, woven together with all new songs. The girl on the hill has grown used to a lonely life, singing to the Moon each night before she sleeps - it becomes her only friend. Her song is set, until one day the Moon mysteriously falls to Earth... Now, she must team up with the village witch to return the Moon to the sky and restore order, before all the world's magic comes unravelled!

Established as a conduit for the immense creative power of new artists around Greater Manchester, Rocket Whip are **two-time GM Fringe award-winners** delivering original, wacky comedies with a touch of heart since 2021. Expect wild characters, original music, and a show whose fun transcends a typical 'musical theatre' schtick - you don't have to be a fan of musicals to love a Rocket Whip show!

Luna, Luna is a heartfelt adventure exploring grief and friendship through a modern fairy tale. Writer Liv Burton tells us "we are often quick to think that pain separates us from each other, but in reality loss is universal - one thing that makes us all the same." With trademark Rocket Whip humour and action, the cast embark on their storytelling journey with live singing and guitar - and maybe even a fearsome dragon along the way! Playing at **THE FITZGERALD NQ** on **20TH & 22ND JULY**, with curtain at **19:30**.
