### Description/Terms and Conditions

First one is now 12th July 10-1.00pm and the second follow up is 19th July 12-3.00pm. A masterclass brought to you by Chris Elliott. Unlock the secret to changing your life for the better... This masterclass explores the teachings of The Law of Attraction, helping you take action to release your potential through a mixture of teaching, sharing of experience and facilitated discussion. The principles of the Law of Attraction have been around for thousand of years. It was in 2006 that Rhonda Byrne introduced the world to her teachings in the form of the book, The Secret. In the early 1900s, American Industrialists drew attention to themselves by virtue of their wealth and power. They were using 'Secret' techniques, known only by a select few. Whatever it is that you want in life, working with the Law of Attraction can help you take action to achieve your highest potential. You will learn how to use Visualisation to manifest your dreams. Together we will work on setting up a daily routine and building an action plan. If you want to calm your inner chatter, make empowering choices in your life and become the person that you were meant to be, the Law of Attraction Masterclass will give you the tools to be the best that you can be. Topics include: goal planning, gratitude, affirmations, meditation and creative visualisation. Course cost is £22 per session, to include detailed handouts and a vision board to take away.
