## Description/Terms and Conditions

Connect Electric are currently offering a FREE home electrical visual health check when you mention thebestofbury.

What does this mean?

Firstly it ensures that your electrics are safe.

It covers a fire alarm check, electrical checks, safety recommendations as well as energy saving advice.

Why check the wiring in your home? If your home is over 15 years old, there is a possibility that your fuse box does not comply with the latest wiring regulations. This does not necessarily mean that it isn't safe but our FREE visual inspection will give you the peace of mind and an informed view at no cost to you. Connect Electric will carry out a four point visual examination of your fuse box, socket outlets, lighting and earthing points. If Connect Electric identify that work needs doing they will provide you with a no obligation quotation. To claim your FREE home wiring safety check, simply call Chris on 07979 500025 and quote thebestofbury. Connect Electric are recommended on thebestofbury and Which accredited.

For more information contact Connect Electric directly on T: 0161 766 6848 / M: 07979 500025
