Description/Terms and Conditions

Two out of three startups fail – make sure yours isn't one of them.

If a business is less than 12 months old, MCC Accountants is offering a free Business Fundamentals Coaching Session to support new business owners in understanding the financial side of running a business.

Many startups don't fail because of the product, marketing, or location – they fail because the owners lack a clear understanding of their numbers. This session is designed to provide the knowledge and confidence needed to build on solid financial foundations. During the session, MCC Accountants will:

Explain the essential financial fundamentals every startup should know
Break down the business's accounts in a simple, easy-to-understand way
Help interpret what the numbers really mean
Equip owners to avoid common financial pitfalls that cost time and money

To book a free session, call Khan at MCC Accountants on 07572 665913.
