### Description/Terms and Conditions

Thorpes Physiotherapy has just this month celebrated its 7th anniversary and I wanted to think of a great way to reward you, our loyal patients for all your support

Our best (and most expensive by some way) piece of equipment here at Thorpes are our ViMove senses. These wireless senses are placed on the body (either back or knee) and provide us with cutting edge technology about how you move.

This then helps us to more accurately identify your problem areas and gives us real focus for rehabilitation.

Normally the ViMove is our premium product, but for the month of August you can have either a back or knee assessment with the ViMove for no additional charge

We only have 1 set of ViMove senses though, so once the sessions get booked up we wont be able to offer further sessions

If you are interested in a ViMove back or knee assessment either call the clinic on 01276 37670 or email [admin@thorpesphysiotherapy.com](mailto:admin@thorpesphysiotherapy.com) for more information

Please note that this offer is only valid for August'

This voucher has no cash alternative and is not transferable. It cannot be used in conjunction with any other offer or promotion. Photocopies will not be accepted. Rights are reserved to refuse custom and withdraw this offer at any time.
