Description/Terms and Conditions

Would you like to know how your child is really doing at school?

At The Tuition Centre we will carry out a free, no obligation assessment to find out how your child is really doing in class.

- The free assessment is designed to identify any gaps there may be in your child's understanding. It will also highlight your child's strengths.
- The assessment will take 30-45 minutes and be carried out by a fully qualified teacher.
- The assessment can focus on Maths, English or both subjects.
- You will then be given the opportunity to discuss the results with the teacher.
- From this we can design an individual learning programme for your child.

Recommendations for tutoring will only be made if your child needs it.

Each programme is an individual programme for your child, to support their school learning.

Weekly sessions are booked in for a time that suits you.

No lengthy lock in contracts
