### Description/Terms and Conditions

Here at Birchwood Group, we like to offer customers piece of mind free of charge! That is why we are offering a free full tyre and wheel check.

When driving, your car's tyres are the only contact you have with the road, so it's important these are in proper working order, for both safety and legal reasons. Did you know, driving with illegal tyres could result in a £2,500 fine and three penalty points? If your tyres are under the 1.6 millimetre limit, they have become a liability, and it's important they are replaced immediately.

Tyres aren't the only important part of your vehicle's wheels; that is why we check axle and suspension too. Damage caused by potholes are still a major factor in causing axle & suspension failure, and counts for a third of mechanical issues on UK roads.

If you feel your car may have sustained damage or would just like the peace of mind, why not book one of our free wheel safety checks. We will carry out a thorough check to ensure that your wheels are safe and free of damage. We will also provide a written report if we do discover any damage.

This voucher has no cash alternative and is not transferable. It cannot be used in conjunction with any other offer or promotion. Photocopies will not be accepted. Rights are reserved to refuse custom and withdraw this offer at any time.
