Description/Terms and Conditions

Increase your chance of finding that one true love, or new friends with a dating Profile Update. According to eHarmony, matches who received the least amount of communication were those who included blurry photos, or a very narrow portrait photo, where it looked as if they had clearly cut out the person next to them. (The tacky factor here is high, along with the assumption that you have cropped out your ex!)

So, Artemi Photography is running a MINI SESSION on 27thFebruary, which gives you 30 minutes, in front of the camera to get some fabulous new profile pictures, the more photos uploaded the higher the chance of enquiries, in fact people who upload 4 or more photos receive the most enquiries (communication) from their matches.

There are six slots available. You receive 5 digital images to use on your dating profiles, Social media and more - £100 per person. You will have an initial call with Sarah and asked to complete a short questionnaire to get more information for the shoot. Ask Sarah any questions about the shoot and she will be able to help you with any ideas or questions you have.
