Description/Terms and Conditions

Due to today's risks, you need to have a good Anti-Virus package installed on your systems. AP-it provides a Managed Anti-Virus Protection service for Windows and Apple Macs which protects you from Viruses, Malware, Spyware and Ransomware by protecting both Business and Resident systems.

The Managed Anti-Virus Protection is powered by Bitdefender, a well known and trusted system for protecting against all types of threats for today's world.

Please check out [Bitdefenders Cyberthreat Real-Time Map](#) just to see the activity that is detected in real time.

AP-it are offering this protection to you for 12 months subscription with 25% off the normal cost.

This voucher has no cash alternative and is not transferable. It cannot be used in conjunction with any other offer or promotion. Photocopies will not be accepted. Rights are reserved to refuse custom and withdraw this offer at any time.
