### Description/Terms and Conditions

Radiance Medispa are so excited for this new treatment. Watch the girls before and after pics!

Brow Henna offers the perfect alternative to eyebrow tinting, without the use of ammonia or led to develop the eyebrow colour. Unlike tinting henna colours hairs and the skin gives the brow an amazing powered, tattoo effect.

This can last up to 2-3weeks on the skin depending on client skin type and aftercare and up to 6 weeks on the actual hair.

Henna creates an illusion of depth and fullness in the area, visually filling in any sparseness.

Treatment takes 45min and will cost £35
