Description/Terms and Conditions

Do you suspect that your child has a concentration problem or has a teacher mentioned that your child might have some challenges surrounding their ability to concentrate and pay attention at school? A 20-minute FOCUS computerised performance test from Biolink Attention Training can measure your child's attention and compare the result against norm groups. Any problem areas can be identified and recommendations made in a post-test consultation. A special introductory price of £80 (45% off RRP).

The FOCUS CPT test is usually £150 but we are running an introductory offer on 25 November and 2 December of just £80 for the test AND follow up recommendations meeting. PRIOR BOOKING IS ESSENTIAL.

This voucher has no cash alternative and is not transferable. It cannot be used in conjunction with any other offer or promotion. Photocopies will not be accepted. Rights are reserved to refuse custom and withdraw this offer at any time.
