Description/Terms and Conditions

Network Insurance & Financial Planning is offering a FREE individual initial financial review meeting to local individuals and businesses.

PLUS if you proceed to engage with Network, they will offer a 10% discount off their fees/commission.

One of the main beliefs at Network is the importance of offering holistic financial services to individuals and companies, as well as educating people in relation to their own personal finances.

The aim of the review would be to analyse your circumstances and then assess any potential aims or objectives you may have, or any (unknown) considerations to think about. You may then decide if you would perhaps like to proceed on a private basis to seek some advice in the areas discussed, including in particular protection (e.g. life insurance/mortgage protection), retirement and pension planning, or investments.

The meeting is to help you understand your financial position and to consider your options. The purpose of the meeting would be to highlight any potential areas that you may want to look at (either with Network, or not) at some point.
