Tel: 01536 384641

Description/Terms and Conditions

When quoting this reference BOK-RIC.

To achieve and maintain your vehicles top performance in handling and avoid excessive tyre wear, pulling, and a wonky steering wheel it is essential that a four wheel alignment be carried out.

Having the latest equipment to carry out this procedure is something we do here at Richards Land-Rover Specialist by measuring and adjusting steering and suspension in line with the motor manufacturers specification. Should only a front wheel alignment/tracking have been carried out previously your vehicle may continue to be out of align at the back and suffering as part of this.

Original price £45 now down to £35. Contact us for this special offer price on Tel: 01536 384 641 or to see what other services are available.
