Description/Terms and Conditions

X DEMO STELLAIRE XJ2 Original price was: £7,499.00.

Current price is: £3,791.00.

The Brother Stellaire XJ2, is not just a Stellaire, it is a Stellaire 2. It is both a sewing and embroidery machine and is one of the most advanced models Brother has released. The XJ2 includes ground-breaking My Snap Design technology which gives you a pin-sharp view of your sewing area from the touch of a button.

With Brothers camera technology you can clearly position your embroidery designs accurately, easily aligning embroidering positions. Not only powerful and technologically advanced, it includes loads of new or improved features.

Large Stellaire 2 Innovis XJ2 embroidery and sewing machine has a large work area, with Improvements to both the largest embroidery hoop and the embroidery unit resulting in accurate large-frame embroideries whilst the long arm design will accommodate quilts in both sewing and embroidery mode.

With the larger embroidery frame – (this new one is a fantastic 240 x 360mm – 9.5 x 14 inches) – you need extra stability built into your frame. The steel-reinforced sections and new rubberised grip, hold the fabric better than anything we've seen before.

This voucher has no cash alternative and is not transferable. It cannot be used in conjunction with any other offer or promotion. Photocopies will not be accepted. Rights are reserved to refuse custom and withdraw this offer at any time.
