Description/Terms and Conditions

Brother Innov-is F540E Original price was: £1,199.00. Current price is: £1,079.10.

The new and improved Brother Innov-is 540E embroidery machine with large 18cm x 13cm embroidery area has 138 built in designs for you to choose from so you can customise your projects and personalise them too with 6 different styles of lettering. Your design options do not stop there, the machine is compatible with 1000's of Brother's embroidery designs, easily downloaded to a USB stick and plugged into the machine. If you have even more project vision why not exercise your own creative mind and with Brother's optional PE Design software to create your own designs to customise your project exactly how you want. Designs can be created from scratch, or converted from many different PC graphic formats and then save to a USB stick to transfer them to your machine to sew off.

This voucher has no cash alternative and is not transferable. It cannot be used in conjunction with any other offer or promotion. Photocopies will not be accepted. Rights are reserved to refuse custom and withdraw this offer at any time.
