Description/Terms and Conditions

Brother Innov-is PQ1600S Original price was: £1,249.00.

Current price is: £999.00.

The PQ1600s straight stitch sewing machine is the ideal machine for garment makers, accessory creators and quilters alike. Stitch straight and strong up to 7mm stitch length, without losing strength or quality. Power through projects with impressive stitching speeds of up to 1,500 stitches per minute.

Work on any sized project with more height and width in the fabric bed: 145 (h) x 220 (w)mm (5.7" x 8.6"). Go large with no fuss and no extra expenditure with the included wide table.

Achieve perfection on hems, French seams and more with the unique flexible presser foot. Divided into two independently moving sides, you can sew fabrics of two different thicknesses at the front and rear.

Keep control when working with the adjustable pin feed mechanism, four feed dog settings, knee lifter, vertical rotary hook and full range foot pressure adjustment.

Save time with the heavy weight thread guide, automatic thread cutter and enhanced F.A.S.T. needle threader.

The Brother PQ1600S: one machine, endless possibilities.
