Description/Terms and Conditions

A proper sweep and service isn't just about cleaning the chimney – it's about making sure your stove is working safely and efficiently.

What's included:

- Full chimney/flue sweep– Removal of soot, debris and blockages
- Appliance check – Visual inspection of the stove and main components
- Rope seal check – Ensuring door seals are working properly
- Glass check – Checking the stove glass and fittings
- Fire bricks & baffle plate inspection – Looking for wear or damage
- Air vents & controls check – Making sure controls operate correctly
- Smoke draw test – Confirming the flue is drawing as it should
- Safety check – Identifying any visible issues affecting safe use
- Advice and recommendations – Honest guidance if anything needs attention
- Certificate provided – A record of the work completed for peace of mind

Why it matters:

Regular sweeping and servicing helps keep your stove efficient, reduce soot build-up, lower the risk of chimney fires, and spot problems early.

If your stove hasn't been checked in a while, now's the time to get booked in [??](#)
