### Description/Terms and Conditions

We are currently offering £30 off Hoya EnRoute driving lenses. To qualify, you need to buy a complete pair of glasses (frame and lenses). There is no minimum spend. Cannot be used with any other offer.

This offer has been extended until 31 January 2022.

Hoya's EnRoute driving lenses are a premium lens (single vision or varifocal) with a specially developed Glare Filter and an optional contrast-enhancing filter. This reduces reflections and glare from new brighter LED and Xenon headlights and helps with night driving, even in poor light and bad weather.

There is also a Pro version, developed for professional drivers, or those who want additional support and a more relaxing driving experience.
