Description/Terms and Conditions

Introductory offer, only £35 for a Warm Bamboo massage.

This unique treatment is ideal for anyone wanting a sublimely relaxing massage or for those in need of some serious deep-tissue bodywork. In China bamboo is highly recognised for its strength and flexibility, making it the perfect tool to use in massage. It has been used in massage throughout Asia for centuries, and is becoming increasingly popular in the West.

The massage incorporates warmed pieces of compressed bamboo to work the tension out of each muscle. Using varying levels of pressure and different techniques, the massage can provide a warming therapeutic treatment using long fluid strokes, but can also be used for deeper work by stretching and compressing overworked and tired muscles.

The bamboo massage is accompanied with manual massage using heated oil giving an ultimate combination of blended techniques. To book call 01922 649142
