Solutions 4 Care Limited are hiring! The 2 new roles require caring individuals who are passionate about helping others and providing a high quality of care to their service users.

Night Care & Support Worker - This role will include waking night shifts & sleep-in night shift duties, predominantly 10:00pm-07:00am. However, times can vary based on clients need.

RETAINED Stand-by Care & Support Workers - This is an exciting new role which requires the person to drive & have full access to a motor vehicle. This is a time specific post with a shift pattern of 06:30am-2:45pm & 2:45pm-11:00pm each day (times can slightly vary depending on client and service need) and the worker can be expected to work any hours within this time frame of their allocated shift. There are the two shifts per day or we would consider a long day shift pattern. It is a post where a financial lump sum is paid regardless of having to work or not however when cover is required and the worker will receive their normal hourly rate of pay for any work after their first hour of work is completed.

Both roles have excellent rates of pay (enhanced at weekends & on bank holidays).
