Description/Terms and Conditions

Crestacre Chiropractic Clinic are proud to be one of the only practices in the area that are offering home visits. Their home visits will still include a diverse range of treatment options.

These include;

- Chiropractic manipulation
- Soft tissue treatment techniques such as massage and ART
- Alternative medicines such as acupuncture and cupping therapy
- LASER therapy - particularly great for arthritis, acute pain and trauma
- Pregnancy and paediatric treatments
- Tailor made rehab programmes.

Their in-clinic treatments are much more inclusive but this is a great addition to anyone who feels they cannot make it to the clinic for treatment.

All home visits must be booked over the phone and a phone consultation is necessary first to ensure that a home visit is right for you.

Home visits are only offered locally at the moment.

To enquire or book your phone consultation then please call the clinic on 01543 370 500.

Please note you will not be able to book a home visit or phone consultation using their online booking system.
