Description/Terms and Conditions

Do you have a tree on your property? Have you thought about a tree risk assessment? As a tree owner we have a duty of care over our trees to make sure reasonable management measures are in place to avoid injury or harm. Whether you own a large estate with hundreds of trees or a small domestic property with just one tree, ensuring safety should be a priority. The risk of harm is affected by three factors: the size of the tree part that could fail, the likelihood of that part failing and the targets that could be harmed. Contact Billy at Evoke Tree Services now to receive your free tree risk assessment and fulfil your duty of care. Call 01707708202 or Email B.ryan@evoketreeservices.co.uk
