10% OFF PEST CONTROL
PRODUCTS

Description/Terms and Conditions

Our homes and gardens are a treasured and sacred place in all of our lives. However they are also very attractive to vermin as they thrive in environments where we live. You can usually spot them from their droppings, and also from evidence of gnawing. Vermin such as rats and mice, require food, water and shelter to survive. However if you don't spot them in time, Mahjacks stock a large range of products to assist with your pest control issues. Mahjacks are pleased to offer 10% off pest control products for September, whilst stocks last.
