Description/Terms and Conditions

The brand-new composite fencing showroom at Bloxwich Fencing is now open.

Customers can now explore a wide range of composite fencing and trellis, available on a supply-only or supply and fit basis.

Designed for durability and low maintenance, composite fencing offers a modern, long-lasting solution — complete with a 10-year guarantee for added peace of mind.

A choice of finishes is available, including a realistic bark effect, along with a variety of colours such as oak, taupe, grey, anthracite, teak, charcoal, brown, and oyster.

Bloxwich Fencing also supplies aluminium gates, providing a secure and weather-resistant option for side entrances — a stronger, longer-lasting alternative to traditional timber gates. A range of traditional fence panels is also available at competitive prices.

Whether upgrading a garden, replacing existing fencing, or planning a full outdoor refresh, customers will find options to suit a variety of styles and budgets.
